The two teams, accompanied by some 2,000 Cincinnati rooters, arrived here early today on more than a dozen trains, the Reds confident that they would return to Ohio Sunday night possessed of baseball's highest honors and the White Sox determined to overcome their handicap while playing on their home grounds.

Despite the fact that the White Sox, 8 to 5 favorites before the series started, lost two straight games to the National Leaguers, the followers of Comiskey's team were favorites and fans began gathering at the baseball park last night, waiting in line to buy the general admission tickets placed on sale at 9 o'clock this morning.

The first fan appeared at the park at 5:30 o'clock yesterday afternoon and shortly afterward others appeared. By midnight more than 100 were in line and all night the ticket seekers increased in numbers. Special details of police were placed at the park, but no disorders were reported. Included among the waiters was a fair sprinkling of women, each determined to get a point of vantage for the third game.

One run. Two hits. No errors.

Chicago—Collins singled to left. Weaver singled to left, Collins going to second. Jackson popped out to Daubert. Felsch hit into a double play, Groh to Rath to Daubert.

POLICE GET REWARD OF \$25

Car Found in Chase Taylor's Possession Returned to Owners

The Ford runabout which has been held here since the arrest of Chase Taylor, was claimed today by the United States Tire Company of Indianapolis, and they took the machine back to Indianapolis. The car was taken last March from in front of the Marat Theater, and when Taylor was arrested here, the police took the car in charge, and after an examination, found that it was the property of the Indianapolis concern. It is expected that the matter will be dropped against Taylor, as he left this morning for a 60-day term in the state farm. The insurance company paid the local police \$25 reward, which was divided among the force, for recovering the car.

Many Foreigners Who Were Employed in Steel Mills Are Departing For Europe

OTHERS GO TO WORK IN MINES

(By United Press)

Pittsburg, Pa., Oct. 3.—A conference of the national committee of iron and steel workers and the executive board of the American Federation of Labor will be held in Washington Monday evening October 6, John Fitzpatrick, chairman of the committee announced today.

In the fact of apparently a deadlock, hundreds of foreigners are reported departing for Europe while many are seeking employment in mines and in contract work.

One employment agency placed 150 aliens in mine fields.

Unionists and operators maintain that mines are becoming solid again.

Police in Clairton, Braddock and Rankin report additional workmen coming back to the mills today.

RACE RIOTS DEATH TOLL STANDS AT 22

Five White People and Seventeen Negroes Dead as Result of Trouble at Elaine, Ark.

ORDER IS RESTORED TODAY

(By United Press)

Helena, Ark., Oct. 3.—The death toll in two days of race war at Elaine near here stood at 22 today. Five were whites and the remainder were negroes. Quiet prevailed today when soldiers from Camp Pike patrolled the streets of Elaine. Five hundred soldiers are on guard here and in that city, augmented by one thousand former soldiers, deputies and armed guards.

O. C. Bratton, former assistant postmaster at Little Rock, is under arrest here charged with first degree murder. He is accused as being the instigator of the riot.

\$12,000 FOR LOSS OF LEG

(By United Press)

Vincennes, Ind., Oct. 3.—Judgment of \$12,000 against the Tecumseh Coal and Mining Company was awarded Otha C. Buck by a jury in the Daviess circuit court at Washington Thursday afternoon. The case was sent there on a change of venue. Buck, who was injured by a fall of slate, sued the company for \$50,000 as the result of the loss of a leg.

Fred Hilligoss Alleges That Horrie Brooks Sold and Then Re-Bought Farm For Fraudulent Reasons

DOCTOR SUES J. C. BLACKLIDGE

Charles Dobyns Files Suit Against William Dobyns Over The Title Of His Farm

(By United Press)

Washington, Oct. 3.—President Wilson's condition shows no improvement it was learned officially at the White House. He slept during the night but in spite of this, his condition remains a cause for anxiety to his physician and his family.

Hilligoss in his complaint states that on June 11, 1910 Brooks gave him his promissory note for the amount of \$128.50, which note remains unpaid today. On April 8th of this year, the Marion Circuit Court gave Hilligoss judgment on the note in the amount of \$216.17.

In the complaint, he states that this judgment has never been paid, and that prior to November 14, 1917 Brooks was owner in fee simple of real estate, which consisted of 50 acres of farming land in Rush county.

On this date, the complaint points out, the defendant and his wife Ellen X. Brooks, did by their certain quit claim deed released this farm to Bertha Burton, trustee, for a nominal sum of \$1.00.

To further show that the defendants intended to cheat and defraud, the complaint states, that on this same day, Bertha Burton deeded the same property back again to Horrie Brooks and his wife, making them the owner jointly, instead of a singular ownership.

Mr. Hilligoss, in his complaint, asks that the deed be considered illegal, and be set aside, in order that the judgment rendered in the Marion Circuit court, may be paid.

Dr. J. B. Kinsinger has filed suit against John D. Blackidge on an account demanding \$250. Dr. Kinsinger states in his complaint that he was employed by Mr. Blackidge, at his request to render professional services for Mrs. Blackidge.

The plaintiff alleges that he made 88 such professional visits, which were during the months of September, October and November of last year, and that no payment on the

MILLIONS Suffer from Acid-Stomach

Millions of people suffer year after year from ailments affecting practically every part of the body, never realizing that their health can be restored directly to acid-stomach. Here is the reason: poor digestion means poor nourishment of the different organs and tissues of the body. The blood is impoverished—becomes weak, thin, sluggish. A variety of many kinds spring from such conditions—such as anemia, neuritis, lumbago, sciatica, general weakness, loss of power and energy, headache, insomnia, nervousness, mental depression—even more serious ailments such as catarrh and cancer of the stomach, intestinal ulcers, cirrhosis often of the liver, etc., from which these can often be traced directly to acid-stomach.

Keep a sharp lookout for the first symptoms of acid-stomach—indigestion, heartburn, belching, food retching, that awful painful bloating after eating, and sour, gassy stomach. EATONIC is the wonderful modern remedy for acid-stomach. So get rid of it now. Those who have suffered from acid-stomach say they never dreamed that anything could bring such speedy relief—and make them feel so much better in every way. Try EATONIC and you, too, will just as enthusiastic in its praise. Make your life worth living—no more pain, no more suffering, no more of that tired, listless feeling. Be well and strong. Get back your physical and mental punch; your vim, vigor and vitality. You will always be weak and illing as long as you have acid-stomach. So get rid of it now. Take EATONIC Tablets—two tablets good—eat them like a bit of candy. Your druggist has EATONIC—50 cents for a big box. Get a box from him today and if you are not satisfied he will refund your money.

Let Your Hogs Choose

If you give your hogs a chance to choose among different feeds, you will find that they go for Swift's Digestor Tankage first. They crave for protein. They need it.

Poor pastures are handicapping your hog production. If you want the best results, you must supply protein elsewhere.

60 per cent tankage, though a little higher per 100 pounds, is much cheaper than other protein hog feeds in the long run because of the large proportion of protein it contains.

Of all 60 per cent tankages you will find Swift's superior.

Why?

Because every bit of that 60 per cent is available.

Because the filler is made of valuable rations such as fat and phosphates.

Because the hogs themselves prefer it.

2 RUSH COUNTY FARMS INVOLVED

Continued from Page One account has been made. He asks judgment in the sum of \$250 which includes interest on the account from January the first, 1919, the 88 visits and attorney fees.

Another suit involving a Rush county farm has been filed, being the case of Charles L. Dobyns against William J. Dobyns, et al. The case is to quiet a title. The plaintiff, in filing the suit, introduces two wills of his mother, Mrs. Patterson, in which one of the wills gave him the deed and another wherein she willed the farm to his daughter, or her grand-daughter, Miss Mary Dobyns, who is a minor child.

The case must be settled, in order to have the property correctly recorded, and is holding up the deed to the new owner, as the farm was sold only recently. The farm is located northwest of Rushville, about a mile and a half.

Miss Louise Sipe who returned to her home in Orange the first of the week from Bloomington, where she was attending school, on account of illness, is slowly improving.

MODERN WARM AIR HEATING THIS WINTER FOR EVERY HOME

WARM AIR HEATING—the only healthful, convenient and economical way to heat a home—is no longer for the chosen few. Its many advantages may now be enjoyed by every home.

All the trouble and expense of installing a furnace under the old-fashioned plan, all the tearing up of walls and floors for the running of pipes and setting of registers, has been eliminated by the perfecting of a simpler, more scientific and more economical system of warm air heating.

Number of Italian Wealthy Classes
Hope to Escape New Taxation

(By United Press)

Rome, Oct. 2.—In an attempt to escape the new taxation large numbers of the wealthy classes are said to be converting their money into British and American currency, and depositing it in banks abroad. The rate of exchange, already adverse, has naturally not been improved by this reported procedure, and the latest quotation for Italian lire shows a fall of sixty percent in the case of the British pound sterling, and 93 percent in the case of the United States dollar, as compared with pre-war rates. Fears of labor troubles are also largely responsible for the exodus of Italian capital, and the Stock Exchange is depressed by inconsistent sales, which cause a continued fall in quotations.

24,000 MENTAL CASES TREATED

Many returned soldiers do not yet understand that the government furnished compensation for mental disabilities as well as for physical. The Lake Division Red Cross reports that their records show 399 men in Ohio, Kentucky and Indiana are being treated for mental disabilities—shell shock and other phases of mental ailments—either incurred during the period of service or aggravated from dormant causes during the term of service.

Twenty-four thousand such cases are now being treated in the United States in hospitals where highly specialized treatment is given. It is estimated, however, that this represents only 60 percent of the total number of men ill.

In any part of the country a properly established claim for help of this sort will be met promptly. The simplest way of getting such a claim established is through the Home Service department of the Red Cross. Application may be made at any Red Cross office, chapter or branch, and it will be referred to the proper bureau.

British Labor Leaders Visit Premier Today With Hope of Resuming Conversations

YESTERDAY'S EFFORT FAILED

(By United Press)

London, Oct. 3.—Another attempt to reopen negotiations between the government and the striking railway men was made shortly after noon today when labor leaders visited Premier Lloyd George with the hope of resuming negotiations.

A statement issued today in Downing street said that conditions in traffic had improved.

The move today toward renewal of negotiations came in the midst of a general disappointment over yesterday's efforts to reach an understanding.

Workers refused to return to work without receiving a clear understanding of the affair.

NEW ADVANTAGE FOR TAXPAYERS

Investors Are Urged by The Government to Purchase One Year U. S. Treasury Notes.

SUPPLY EXCEEDED DEMANDS

The Indebtedness Notes are Issued For One Year and Bear 4½ Per Cent Interest.

Investors, as well as taxpayers, can secure a new advantage in the issue of one-year 4½ percent U. S. Treasury Certificates of Indebtedness, because the Government has not reserved the right to call the certificates for payment prior to maturity. With the straight maturity there is no chance that the holder will overlook the redemption call and thus lose the interest on his investment.

The subscription books for the one year certificates, officially designated T-10, were closed on the third day of the offering, and many subscribers were disappointed because their subscriptions could not be accepted. For this reason the Federal Reserve Bank has purchased an amount of these one year 4½ percent certificates on the market, and, subject to supply on hand, will sell them to banks through which investors' orders are transmitted, for cash, at par and accrued interest. Thus, an investor can secure these certificates in denominations of \$500 and \$1000 by asking his bank to order them from the Federal Reserve Bank.

The investment value of these certificates is enhanced by the following desirable features:

1—Exemption from all local taxation, both as to principal and interest.

2—Exemption from the normal Federal income tax, which for an individual this year will be 4 percent on the first \$4000 of income above the normal exemption and 8 percent on all income above this first \$4000.

3—Convenient interest payment by coupons attached, maturing March 15 and Sept. 15, which will be paid by any bank upon presentation.

4—Negotiability: an investor readily can sell his certificates for cash, as they are in negotiable form and title passes by delivery.

The market for this issue (T-10) among taxpayers, who can apply the certificates directly in payment of the Sept. 15 income and profits taxes, under Treasury regulations, will be made even stronger by the demand for these certificates for such use, which normally exceeds the supply during the six months prior to the tax payment.

Banks are familiar with U. S. Treasury Certificates, as virtually every bank in the Seventh Federal

3—Convenient interest payment by coupons attached, maturing March 15 and Sept. 15, which will be paid by any bank upon presentation.

4—Negotiability: an investor readily can sell his certificates for cash, as they are in negotiable form and title passes by delivery.

The market for this issue (T-10) among taxpayers, who can apply the certificates directly in payment of the Sept. 15 income and profits taxes, under Treasury regulations, will be made even stronger by the demand for these certificates for such use, which normally exceeds the supply during the six months prior to the tax payment.

Investors Are Urged by The Government to Purchase One Year U. S. Treasury Notes.

SUPPLY EXCEEDED DEMANDS

The Indebtedness Notes are Issued For One Year and Bear 4½ Per Cent Interest.

Investors, as well as taxpayers, can secure a new advantage in the issue of one-year 4½ percent U. S. Treasury Certificates of Indebtedness, because the Government has not reserved the right to call the certificates for payment prior to maturity. With the straight maturity there is no chance that the holder will overlook the redemption call and thus lose the interest on his investment.

The subscription books for the one year certificates, officially designated T-10, were closed on the third day of the offering, and many subscribers were disappointed because their subscriptions could not be accepted. For this reason the Federal Reserve Bank has purchased an amount of these one year 4½ percent certificates on the market, and, subject to supply on hand, will sell them to banks through which investors' orders are transmitted, for cash, at par and accrued interest. Thus, an investor can secure these certificates in denominations of \$500 and \$1000 by asking his bank to order them from the Federal Reserve Bank.

The investment value of these certificates is enhanced by the following desirable features:

1—Exemption from all local taxation, both as to principal and interest.

2—Exemption from the normal Federal income tax, which for an individual this year will be 4 percent on the first \$4000 of income above the normal exemption and 8 percent on all income above this first \$4000.

3—Convenient interest payment by coupons attached, maturing March 15 and Sept. 15, which will be paid by any bank upon presentation.

Not Always—But Generally

One day in the early part of September a lady went into a store in a middle western town to buy material for a winter coat. The salesman showed her various grades of cloth, and she picked one which was worth about \$10, but the price at \$15. She returned the following day to make the purchase, but learned that the price had advanced to \$17.50 per yard. She reminded the salesman of the price quoted on the previous day, and was told that another store on the same street was selling similar material at \$17.50. The wholesaler had therefore served notice that unless the price was increased to \$17.50, the store's contract for additional cloth would be canceled.

This word, "profiteer" is becoming as monotonous as the word "camouflage" was until it went out of fashion. "Profiteer" is now more overworked words, it gradually loses its meaning—or rather, it tends to mean almost anything.

A man is not necessarily a profiteer if he makes a profit—or if he makes a large profit. It is dishonest to make no profit, because a man who makes nothing ceases to be self-dependent. He is obliged to live at the expense of some one else, which no man should do while he is able to earn a living.

A man is a profiteer who, without rendering any service, manipulates conditions with the sole motive of making necessities expensive. To sell an article for the highest price one can get is justifiable. The labor unionists certainly sell their labor at that price. But a man who makes a systematic business of creating scarcity to send prices higher is a profiteer, like the clothing wholesaler mentioned above.

To kill a man is not necessarily to

commit murder. It depends on the attendant conditions and the governing motive. It has been done several times in France with an excellent motive.

To sell articles at a high price is not necessarily profiteering. But it can be, under certain conditions; and it is important that diligent investigation should discover what the conditions are.

Raps Waste in Wire Franks

Congressman Clifford Ireland, chairman of the Committee of accounts of the house, is engaged in an effort to bring about a reform in the matter of telegrams and cablegrams sent by members at government expense. In a search of the records Mr. Ireland has discovered that in 1915 such messages amounted to \$26,042.53; 1916, \$11,919.02; 1917, \$24,045.20; 1918, \$44,814.46; and for the year ending June 30, 1919, they rose to \$108,947.53. In reading some of the messages that have been sent as official business by members, Mr. Ireland finds that very little care is exercised in eliminating unnecessary words. For instance, his committee took two telegrams costing \$26.30 and \$31.40. By writing them as a private person would in the conduct of his own business, exactly the same thoughts could have been expressed and the despatches sent for \$6 and \$8, respectively. Mr. Ireland has appealed to every member of the house to be more conservative in the use of their wire franks, and thus aid him in cutting down the expenditures for that item.

We are told that the country will go to pot if the league covenant is not ratified without alteration or reservation. Then we are told that it will go to pot if it is not altered or amended. From which, it would seem, we are headed for the pot any way we take the thing.

The old time soap box orator has about disappeared. For you know, automobiles and soap boxes do not harmonize in this day when every man is an embryo millionaire.

An aviator at Mineola, N. Y., recently set a world's altitude record by ascending 34,610 feet above sea level. And, strange to say, he failed to encounter a single presidential boom on the trip.

The principal drawback encountered in "Bringing up Father" these days is to get the old man up to the point of coughing up the modest prices of immodest grown-ups.

Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

All play and no work makes children sleepy. Little Bobby, age four, had learned the enticements of High Spy one evening, following dinner, and when bedtime arrived Bobby was found sound asleep on the front porch. Mother carefully undressed him, clad him in his nightie and then awakened the little fellow so he could say his bedtime prayer. Bobby rubbed his eyes blinked and began:

"Now I lay me down to sleep,
I pray the Lord my soul to keep.
If—if he hollers let him go
Eenie, meenie, miny mo."

PROSPERITY OF THE COUNTY IS SHOWN

Continued from Page One
The number of mortgages released has gradually increased during the quarter. In July there were 33, in August 38 and in September 59. The number of mortgages filed have likewise increased, totaling 17 in July, 30 in August and 59 in September.

The total number of instruments recorded in the office for the quarter was 566, which is an exceptionally large volume of business for this office. There was 134 in July, 168 in August and 264 in September.

The many changes in real estate ownership is partly due to the high prices which farmers' crops and produce have been bringing and partly to the tendency among farmers to move to Rushville and the smaller towns of the county for residence.

In the last three months especially, the "back-to-the-farm" movement has gone completely out of date and has been supplanted by the "back-to-town" movement. The number of farmers leaving their farms and moving into centers of population has been without precedent in the last few months. It can be ascribed to only one fact—that farmers as a general rule have made so much money during the high prices of the period of the war that they can afford to stop active farming and retire. Most of them who are moving into town supervise the work on their farm generally, but give up the manual labor to which they have been accustomed.

PRISON WILL SEND STOCK

Leavenworth Barracks Have Entries
In Dairy Show.

Chicago, Oct. 3—The United States Disciplinary Barracks at Fort Leavenworth, Kas., will be among the exhibitors of fine dairy cattle at the National Dairy Show in Chicago from October 6 to 12. Entry of the Disciplinary Barracks already has been made. The check accompanying it was signed by "The General Prisoners' Mess Fund". One thousand head and more of the finest dairy cattle on earth, representing a momentary value of over \$10,000,000, will compete at the National Dairy Show for prizes and awards.

MINISTERS TO MEET

Sap and Salt

By BERT MOSES

It takes a brainy man to say: "I do not know."

We can relish any truth better than the truth about ourselves.

Most of us would rather stick up for old ideas than adopt the new.

Among things that have gone up in price, style is the greatest offender of all.

Hez Heck says: "Mirrors are the only things that ever came into style and never went out."

Things would move along better if politicians formed the tail of the procession instead of the head.

Two Years in Bed and Rolling Chair

Mrs. Wilson Gave Up Hope—Gains 25 Pounds On Tanlac And Is Now a Well Woman

"For two years I spent all my time either in the hospital in bed, or in a rolling chair, and during that time I was given up to die, and I don't guess I would be here now if it hadn't been for Tanlac," said Mrs. E. O. Wilson. Mrs. Wilson is well known in Atlanta, Ga., her husband having been employed by The Constitution for a number of years.

"I was a great sufferer from chronic indigestion," continued Mrs. Wilson, "and don't guess anybody ever had to go through with what I did. I was very weak and nervous, and at times had those dreadful smothering sensations to the point of fainting. I had dreadful headaches, severe pains in my back and over my kidneys and my joints ached all the time. For two years I had to live entirely on boiled milk, toast and soft boiled eggs, and even that didn't digest well, and would sour on my stomach. I didn't know what it was to get a good night's sleep. I took one kind of medicine after another until our house was almost filled with empty bottles, but instead of improving I was getting worse all the time. Finally they took me to the hospital for treatment and I lay there for five long months, but even that didn't make me well. It was taking nearly every cent of my husband's wages to pay my doctor and drug bills—our drug bill alone amounted to \$14 or \$15 a month, and one doctor bill amounted to \$108.

"It looked like everything had failed to help me, and I had about given up all hope when one day my husband brought a bottle of Tanlac home with him and asked me to take it. He said he had been reading and hearing a lot of good things about it and didn't see any reason why it shouldn't help me. I was confined to my rolling chair when I began taking it.

"Do I look like an invalid now? I certainly don't feel like one, and I have actually gained twenty-five (25) pounds on eleven bottles of Tanlac, and feel as well as I ever did in my life. I can eat anything I want, such things as meat, turnips. Hard-boiled eggs don't hurt me a particle, and I sleep as good as I did when I was a girl in my teens. I can get about as well as anybody and just the other day I walked down town, and I am running around the neighborhood calling on my friends nearly all the time now. I haven't a pain about me. I believe I am the happiest woman in Atlanta, and I think I have a right to be. I think my recovery is almost a miracle, and everybody in our neighborhood thinks the same."

Tanlac is sold in Rushville by F. B. Johnson & Co.; in Milroy by Dallas Copper; in Manilla by Geo. J. Inlow, and Arlington by Mrs. L. T. Davis.—(Adv.)

Figuring Your Tire Cost

That is an item of cost in the list of auto expenses that concerns vitally the machine owner. Too often people count only the initial cost.

Some tires are sold with certain guarantees as to wear and free repairs, and quite often the patron is so confused with these so-called guarantees that he finally loses sight of everything but the item of first cost.

The Famous Goodyear Tire

As handled by us goes to every patron with the same guarantee. We give you a tire that will fit exactly into your needs and when you get the Goodyear tire, you have the highest possible assurance of service.

When you are ready to give attention to tires for your machine, come in and let us tell you of the Goodyear tire and Goodyear plan of serving tire users.

I.U. FOOTBALL HOPES TO LOW TIDE TODAY

Week of Gruelling Practice Has Put The Crimson in Only Fair Condition

MEETS CENTRE SATURDAY.

(Special to The Daily Republican.)

Bloomington, Ind., Oct. 3—Indiana's football hopes were at low tide today. A week of grueling practice has put the Crimson in only fair condition for the Centre College game here Saturday. The weaknesses in the Indiana line, apparent in last Saturday's battle with Wabash, have been strengthened and the return of McCaw, right tackle, who has been hobbling on crutches for more than a week, has partly plugged up the hole left by the recent disbarment of Capt. Ingles.

There was no disposition here today to underestimate the strength of Centre College. The Centre line averages 195 pounds and the smashing, elusive backfield runners will prove a hard proposition for the Crimson wing men. Were the Crimson to play as she did against Wabash last Saturday, Indiana fans believe that Centre would win.

Brand new formations and trick plays, which will be used by Indiana against the powerful Minnesota eleven at Washington Park, Indianapolis, October 18th, will have their first airing against Centre College. Coach "Jumbo" Stiehm believes that Minnesota's invincible line will be of little avail against a deceptive, aerial attack. Acting on this belief he has devised some football puzzles that Sam Lloyd would have trouble fathoming.

DISPLAY SEEN BY VERY FEW PEOPLE

Aurora Borealis Appears Unannounced and Not Many Know of it Until Too Late.

CAUSES OF IT EXPLAINED.

Very few Rushville people saw the display of the aurora borealis Wednesday night. It came without any advance notice and those who did see it just happened to observe it by chance. A few people walked to the outskirts of the city to get a better view. It was said to have been best about 9:30 o'clock. J. H. Armington, in charge of the United States Weather Bureau in Indianapolis, did not observe the display when it was at its height, but said that he saw a faint light in the north, in which rays and streamers were barely perceptible at times. He said that the displays were more common in the winter, but that they sometimes occur in the spring and the fall.

The aurora borealis is due to atmospheric disturbance resulting from the electro-magnetic rays of the sun, which are produced by sun spots, according to John Canfield Dean. Trouble on telegraph lines, which generally accompanies the displays, was reported during the evening.

WAR CHEST PROVIDES \$7,000

Shelbyville, Ind., Oct. 1.—The board of governors of the war chest fund of Shelby County appropriated \$7,000 for the Jewish Relief fund.

AMUSEMENTS

"Oh, Boy"—Minus a Villain The sly, slinking villain of stage and screen tradition with his mischief-making machinations and his penchant for harassing the helpless heroine, is among the missing in "Oh, Boy!" Albert Capellani's "Filmsical-Comedy," co-starring June Caprice and Creighton Hale. Neither will the vicious vampire or any other species of iniquitous individual have a chance to weave his web of evil in "Oh Boy!" for the new "Filmsical-Comedy" is essentially a picture of the gloom-dispelling variety in which shadows have no place.

The dramatic or emotional conflict necessary to sustain the interest in a production of feature length in "Oh Boy," is derived from an amusing cycle of circumstances in which the leading proponents of the story played by Miss Caprice and Creighton Hale are enmeshed by some whim of Fate. It might therefore be said that Fate, in this instance, assumes the role of villainess but her intrigues are not of the malevolent variety although they cause a series of complications that keep everyone concerned decidedly uneasy until the climax is reached, when everything is explained to everyone's satisfaction.

This villainous motion picture masterpiece is due for the last exhibition at the Princess theatre tonight.

CROOK PLAY AT MYSTIC

Another of Priscilla Dean's absorbingly fascinating "crook" photoplays will be seen at the Mystic theatre today in "Pretty Smooth," just released by the Universal Company.

Miss Dean has established herself, by her conscientious study of un-Shelbyville Thursday. His automobile once worthy of any craft, as one of the foremost portraitors of "crook" pictures in the film realm, "Pretty Smooth" according to information drifting from the studios where this star has been hard at work, is replete with thrilling situations that make the spectator's fingers twitch in anxiety as he watches the unfolding of its swiftly moving story. Miss Dean has the part of Gertie Jones, known in the crook world as the Chatterbox, because of a peculiar habit of talking to herself under stress of excitement.

The story of "Pretty Smooth" was written specially for Miss Dean by no less eminent an author than Bayard Veiller, to whose credit stand "Within the Law" and "The Thirteenth Chair." A call went out from the Universal Company for a drama that would be a worthy successor to the Universal's releases "The Wildcat of Paris," "The Exquisite Thief" and other melo-dramatic successes. "Pretty Smooth" was chosen.

Bryant Washburn comes tomorrow in "All Wrong" and a Harold Lloyd comedy, "Beautiful Dope" will also be shown.

TRAINED NURSE ADVISES PEOPLE

"I was a great sufferer of stomach and liver trouble and cannot say enough in praise of Mayr's Wonderful Remedy. It has done so much for me and I am recommending it to other sufferers. I was a trained nurse in Marine and other hospitals years ago, therefore many come to me for advice. I certainly received great benefit from Mayr's Wonderful Remedy." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince of money refunded. For Sale at Druggists Everywhere.—Adv.

MURDER TRIAL NEXT WEEK IN SHELBYVILLE

George Kressler will go on Stand in Self Defense For Murdering Minnie Wilkins

VENUED FROM MARION COUNTY

SHELBYVILLE Oct. 3.—The murder of Minnie Maye Wilkins, "the gasoline station girl", will be described as nearly as circumstantial evidence will permit here next week when George Kressler enters the trial box charged with the crime.

The girl was murdered at the home of her sister in Indianapolis on the night of May 31 and her body was thrown into the cistern in the back-yard. It was found two days later and markings on the throat indicated that she had been choked into unconsciousness and was thrown into the cistern to die.

With the greatest care, the girl's slayer saw to it that the cistern lid was replaced, exactly as it was before it was moved. A market basket of plants which had been on the lid, also was arranged to cover a spot of moisture which it had covered before.

Kessler was traced to Milwaukee and back to this city a few days after the body was found. He gave himself up to Indianapolis police when informed that they were looking for him, but he stoutly maintained that he was innocent. The case was venued to this county.

The accused man's wife came here last July to be at his side during his fight for freedom. She has been employed in this city.

DIVORCED: GETS LICENSE

A marriage license was issued this morning to Everett Ross a farmer of this county, and Nina Miller, of this city. Both parties have been married before. Mrs. Miller getting a divorce from Silverton Miller in the circuit court here last Saturday.

PERFECT PLANS FOR MEMORIAL CAMPAIGN

Funds to be Applied in Perpetuating
Memory of Life and Works of
Theodore Roosevelt.

MEMORIAL DAY OCTOBER 24

Indianapolis, Ind., Oct. 2.—Rapid strides are being made by the Roosevelt Memorial Executive committee in perfecting the Indiana campaign organization that will undertake during the week of October 20th-27th to raise the state's quota of the fund that will be applied to an appropriate memorial to the former president.

No distinctions have been made because of political affiliation, in the nominations of county leaders for the campaign. Republicans who have been known as regulars and others who have been progressives share with life-long Democrats the distinction of leading the drive for funds that will be applied to a practical bit of Americanization in perpetuating the memory of the life and works of Theodore Roosevelt.

Instructions are being forwarded to the county chairmen and it is believed that the entire state will be represented in the force that will pay tribute to Roosevelt. The interest of school children has been stimulated by the announcement of the special Roosevelt memorial and Americanization day exercises to be held on October 24th, which day has been officially designated by the state board of education.

Nash Trucks

Experienced Buyers Recognize Unusual Values of Nash Trucks

Careful investigation of the Nash truck line convinces the experienced buyer of the high value of any truck bearing the Nash name plate.

This is illustrated again by the fact that after an extensive experience with motor truck transportation of various types, the U. S. Marine Corps selected the Nash Quad as standard equipment for expeditionary service. This is the reason Nash trucks are hauling the loads of many big commercial concerns which operate fleets of trucks in many cities.

This preference for Nash trucks is based on sound business judgment. For they have behind them, assuring their continued good performance, the standing and permanency in the industry of the Nash institution with its nation-wide sales and service organizations of distributors and dealers.

The two teams, accompanied by some 2,000 Cincinnati rooters, arrived here early today on more than a dozen trains, the Reds confident that they would return to Ohio Sunday night possessed of baseball's highest honors and the White Sox determined to overcome their handicap while playing on their home grounds.

Despite the fact that the White Sox, 8 to 5 favorites before the series started, lost two straight games to the National Leaguers, the followers of Comiskey's team were favorites and fans began gathering at the baseball park last night, waiting in line to buy the general admission tickets placed on sale at 9 o'clock this morning.

The first fan appeared at the park at 5:30 o'clock yesterday afternoon and shortly afterward others appeared. By midnight more than 100 were in line and all night the ticket seekers increased in numbers. Special details of police were placed at the park, but no disorders were reported. Included among the waiters was a fair sprinkling of women, each determined to get a point of vantage for the third game.

POLICE GET REWARD OF \$25

Car Found in Chase Taylor's Possession Returned to Owners

The Ford runabout which has been held here since the arrest of Chase Taylor, was claimed today by the United States Tire Company of Indianapolis, and they took the machine back to Indianapolis. The car was taken last March from in front of the Murat Theater, and when Taylor was arrested here, the police took the car in charge, and after an examination, found that it was the property of the Indianapolis concern. It is expected that the matter will be dropped against Taylor, as he left this morning for a 60 day term in the state farm. The insurance company paid the local police \$25 reward, which was divided among the force, for recovering the car.

RANKS OF STRIKERS ARE BEING DEPLETED

Many Foreigners Who Were Employed in Steel Mills Are Departing For Europe

OTHERS GO TO WORK IN MINES

(By United Press.)

Pittsburg, Pa., Oct. 3.—A conference of the national committee of iron and steel workers and the executive board of the American Federation of Labor will be held in Washington Monday evening October 6, John Fitzpatrick, chairman of the committee announced today.

Ranks of striking steel workers are being rapidly depleted of foreigners today.

In the face of apparently a deadlock, hundreds of foreigners are reported departing for Europe while many are seeking employment in mines and in contract work.

One employment agency placed 150 aliens in mine fields.

Unionists and operators maintain that mines are becoming solid again.

Police in Clairton, Braddock and Rankin report additional workmen coming back to the mills today.

RACE RIOTS DEATH TOLL STANDS AT 22

Five White People and Seventeen Negroes Dead as Result of Trouble at Elaine, Ark.

ORDER IS RESTORED TODAY

(By United Press.)

Helena, Ark., Oct. 3.—The death toll in two days of race war at Elaine near here stood at 22 today. Five were whites and the remainder were negroes. Quiet prevailed today when soldiers from Camp Pike patrolled the streets of Elaine. Five hundred soldiers are on guard here and in that city, augmented by one thousand former soldiers, deputies and armed guards.

O. C. Bratton, former assistant postmaster at Little Rock, is under arrest here charged with first degree murder. He is accused as being the instigator of the riot.

\$12,000 FOR LOSS OF LEG

(By United Press.)

Vincennes, Ind., Oct. 3.—Judgment of \$12,000 against the Tecumseh Coal and Mining Company was awarded Otha C. Buck by a jury in the Daviess circuit court at Washington Thursday afternoon. The case was sent there on a change of venue. Buck, who was injured by a fall of slate, sued the company for \$50,000 as the result of the loss of a leg.

2 RUSH COUNTY FARMS INVOLVED

Fred Hilligoss Alleges That Horrie Brooks Sold and Then Re-Bought Farm For Fraudulent Reasons

DOCTOR SUES J. C. BLACKLIDGE

Charles Dobyns Files Suit Against William Dobyns Over The Title Of His Farm

A suit wherein a crooked land deal is alleged to have had a part, in order to defraud some creditors, has been filed in circuit court by Frederick Hilligoss, against Horrie Brooks, and others. The suit is to set aside a deed, in order that payment on a note may be made.

Hilligoss in his complaint states that on June 11, 1910 Brooks gave him his promissory note for the amount of \$128.50, which note remains unpaid today.

On April 8th of this year, the Marion Circuit Court gave Hilligoss judgment on the note in the amount of \$216.17.

In the complaint, he states that this judgment has never been paid, and that prior to November 14, 1917 Brooks was owner in fee simple of real estate, which consisted of 50 acres of farming land in Rush county.

To further show that the defendants intended to cheat and defraud, the complaint states, that on this same day, Bertha Burton deeded the same property back again to Horrie Brooks and his wife, making them the owner jointly, instead of a singular ownership.

Mr. Hilligoss, in his complaint, asks that the deed be considered illegal, and be set aside, in order that the judgment rendered in the Marion Circuit court, may be paid.

Dr. J. B. Kinsinger has filed suit against John D. Blackidge on an account demanding \$250. Dr. Kinsinger states in his complaint that he was employed by Mr. Blackidge, at his request to render professional services for Mrs. Blackidge.

The plaintiff alleges that he made 88 such professional visits, which were during the months of September, October and November of last year, and that no payment on the

TWO MORE POOL ROOM OWNERS BEFORE JUDGE

T. E. McAllister and Orange Felts Appear Before Judge on Two Indictments Each

NO PLEAS ARE ENTERED YET

Two more pool room owners appeared before Judge Sparks yesterday afternoon on grand jury indictments, each answering to two indictments. Thomas E. McAllister and Orange Felts, were the owners, and each gave an appearance bond of \$50 but neither entered a plea. The two charges were for allowing minors to play in a pool room, and for allowing minors in a pool room.

These four indictments, with the three of yesterday, accounts for seven of the nineteen which the grand jury reported the first of this week. It has been rumored that the remaining indictments are for minor offenses, and nothing of much consequence is expected.

Sheriff Jones today was in Green castle, Ind., where he left early this morning with Chase Taylor, to start his sentence at the state farm. No further arrests were expected today.

NO IMPROVEMENT SHOWN BY WILSON

Condition is Unchanged, According to Statement by His Physician at Noon

FAMILY HURRIES TO BEDSIDE

Although Confined to His Bed, President Retains Active Interest in Affairs

(By United Press.)

Washington, Oct. 3.—President Wilson's condition shows no improvement if was learned officially at the White House. He slept during the night but in spite of this, his condition remains a cause for anxiety to his physician and his family.

A second consultation was held this morning between Dr. Stitt, head of the naval medical school, Dr. Russin of Washington and Dr. Grayson, the president's physician.

At 12:15 Dr. Grayson issued the following statement: "The president's condition is unchanged."

William G. McAdoo, the president's son-in-law and former secretary of the treasury is at the White House. Mrs. McAdoo will arrive this evening.

Mrs. Frances Sayre, the president's daughter, is also on the way to Washington.

Miss Margaret Wilson has been at the White House since the president's arrival in the United States

While the president is confined to his bed, he retains an active interest in affairs and converses freely with those about him.

The president's physical symptoms remain favorable. His temperature is normal but his constitution is greatly weakened.

Dr. Grayson answered rumors that the president might undergo an operation. He stated that such a step has not been contemplated.

No X-ray has been taken.

Let Your Hogs Choose

If you give your hogs a chance to choose among different feeds, you will find that they go for Swift's Digester Tankage first. They crave for protein. They need it.

Poor pastures are handicapping your hog production. If you want the best results, you must supply protein elsewhere.

80 per cent tankage, though a little higher per 100 pounds, is much cheaper than other protein hog feeds in the long run because of the large proportion of protein it contains.

Of all 80 per cent tankages, you will find Swift's superior.

Why?

Because every bit of that 80 per cent is available.

Because the filler is made of valuable rations such as fat and phosphates.

Because the hogs themselves prefer it.

account has been made. He asks judgment in the sum of \$250 which includes interest on the account from January the first, 1919, the 88 visits and attorney fees.

Another suit involving a Rush county farm has been filed, being the case of Charles L. Dohyns against William J. Dohyns, et al. The case is to quiet a title. The plaintiff, in filing the suit, introduces two wills of his mother, Mrs. Patterson, in which one of the wills gave him the deed and another wherein she willed the farm to his daughter, or her granddaughter, Miss Mary Dohyns, who is a minor child.

The case must be settled, in order to have the property correctly recorded, and is holding up the deed to the new owner, as the farm was sold only recently. The farm is located northwest of Rushville, about a mile and a half.

MODERN WARM AIR HEATING THIS WINTER FOR EVERY HOME

WARM AIR HEATING—the only healthful, convenient and economical way to heat a home—is no longer for the chosen few. Its many advantages may now be enjoyed by every home.

All the trouble and expense of installing a furnace under the old-fashioned plan, all the tearing up of walls and floors for the running of pipes and setting of registers, has been eliminated by the perfecting of a simpler, more scientific and more economical system of warm air heating.

Number of Italian Wealthy Classes Hope to Escape New Taxation

(By United Press)

Rome, Oct. 2.—In an attempt to escape the new taxation large numbers of the wealthy classes are said to be converting their money into British and American currency, and depositing it in banks abroad. The rate of exchange, already adverse, has naturally not been improved by this reported procedure, and the latest quotation for Italian lire shows a fall of sixty percent in the case of the British pound sterling, and 93 percent in the case of the United States dollar, as compared with pre-war rates. Fears of labor troubles are also largely responsible for the exodus of Italian capital, and the Stock Exchange is depressed by insistent sales, which cause a continued fall in quotations.

MENTAL DISABILITIES WERE PROVIDED FOR

Government's Compensation Insurance Did Not Pertain Wholly to Physical Injuries

24,000 MENTAL CASES TREATED

Many returned soldiers do not yet understand that the government furnished compensation for mental disabilities as well as for physical. The Lake Division Red Cross reports that their records show 399 men in Ohio, Kentucky and Indiana are being treated for mental disabilities—shell shock and other phases of mental ailments—either incurred during the period of service or aggravated from dormant causes during the term of service.

Twenty-four thousand such cases are now being treated in the United States in hospitals where highly specialized treatment is given. It is estimated, however, that this represents only 60 percent of the total number of men ill.

In any part of the country a properly established claim for help of this sort will be met promptly. The simplest way of getting such a claim established is through the Home Service department of the Red Cross. Application may be made at any Red Cross office, chapter or branch, and it will be referred to the proper bureau.

ANOTHER ATTEMPT TO REOPEN NEGOTIATIONS

British Labor Leaders Visit Premier Today With Hope of Resuming Conversations

YESTERDAY'S EFFORT FAILED

(By United Press.)

London, Oct. 3.—Another attempt to reopen negotiations between the government and the striking railway men was made shortly after noon today when labor leaders visited Premier Lloyd George with the hope of resuming negotiations.

A statement issued today in Downing street said that conditions in traffic had improved.

The move today toward renewal of negotiations came in the midst of a general disappointment over yesterday's efforts to reach an understanding.

Workers refused to return to work without receiving a clear understanding of the affair.

NEW ADVANTAGE FOR TAXPAYERS

Investors Are Urged by The Government to Purchase One Year U. S. Treasury Notes.

SUPPLY EXCEEDED DEMANDS

The Indebtedness Notes are Issued For One Year and Bear 4½ Per Cent Interest.

Investors, as well as taxpayers, can secure a new advantage in the issue of one-year 4½ percent U. S. Treasury Certificates of Indebtedness, because the Government has not reserved the right to call the certificates for payment prior to maturity. With the straight maturity there is no chance that the holder will overlook the redemption call and thus lose the interest on his investment.

The subscription books for the one year certificates, officially designated T-10, were closed on the third day of the offering, and many subscribers were disappointed because their subscriptions could not be accepted. For this reason the Federal Reserve Bank has purchased an amount of these one year 4½ percent certificates on the market, and, subject to supply on hand, will sell them to banks through which investors' orders are transmitted, for cash, at par and accrued interest.

Thus, an investor can secure these certificates in denominations of \$500 and \$1000 by asking his bank to order them from the Federal Reserve Bank.

The investment value of these certificates is enhanced by the following desirable features:

1—Exemption from all local taxation, both as to principal and interest.

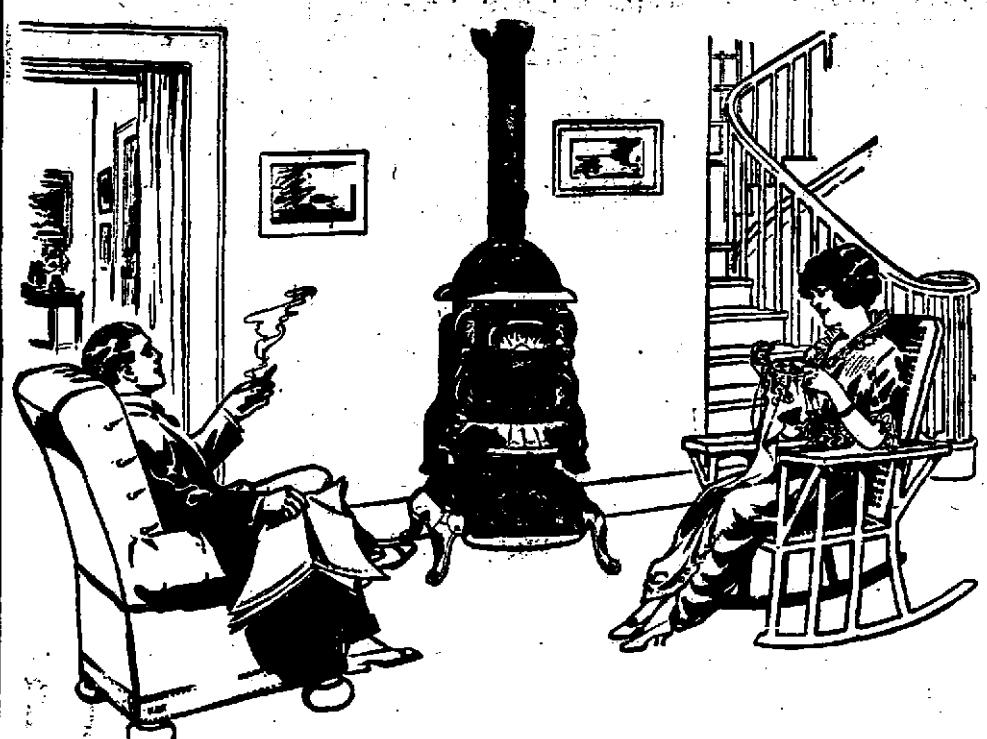

2—Exemption from the normal Federal income tax, which for an individual this year will be 4 percent on the first \$4000 of income above the normal exemption and 8 percent on all income above this first \$4000.

3—Convenient interest payment by coupons, attached, maturing March 15 and Sept. 15, which will be paid by any bank upon presentation.

4—Negotiability: an investor readily can sell his certificates for cash, as they are in negotiable form and title passes by delivery.

The market for this issue (T-10) among taxpayers, who can apply the certificates directly in payment of the Sept. 15 income and profits taxes, under Treasury regulations, will be made even stronger by the demand for these certificates for such use, which normally exceeds the supply during the six months prior to the tax payment.

Banks are familiar with U. S. Treasury Certificates, as virtually every bank in the Seventh Federal

**Furnace comfort and efficiency at less than heating stove cost**

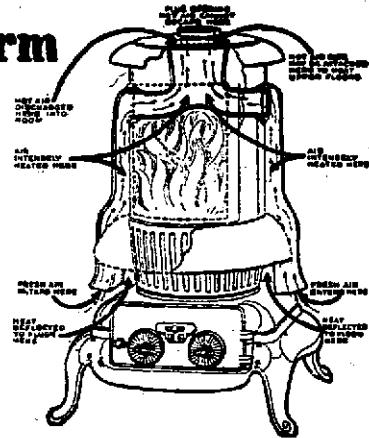

EVERYBODY who has a house to heat should be vitally interested in this remarkable new hot-air heating system that costs very little more than any ordinary heating stove to buy, no more to install, and much less to operate.

Estate Hot Storm
the Stove with a "Little Furnace in it"

is not a stove, not a furnace, but a heating system that combines the best features of both. It sets in the room like a stove, its exterior looks like a stove, but there the similarity ends. For the interior is utterly different from any stove you have ever seen; inside it is built like a hot air furnace.

The diagram shows how it works

Fresh air (just as with a furnace) is drawn in at the sides, heated evenly to several hundred degrees temperature, and then discharged—not through the flue and chimney, but through the top of the Hot Air Chamber into the room. This creates a thorough circulation of hot air that will successfully heat several rooms. Even the upstairs rooms can be heated by the aid of a simple pipe connection.

**Saved fuel pays for it**

Only a very small percentage of the heat is allowed to escape up the chimney, for the Little Furnace blocks the upward rushing heat, absorbing it and throwing it back against the radiating surfaces of the stove proper. This results in an amazing saving of fuel—a saving so great that your Estate Hot Storm will soon pay for itself. And after that it will pay you.

All we ask you to do is to investigate the Estate Hot Storm—give us an opportunity to explain it to you—before you buy a stove of any kind. You owe it to yourself to do this.

Not Always—But Generally

One day in the early part of September a lady went into a store in a middle western town to buy material for a winter coat. The salesman showed her various grades of cloth, and she picked one which was worth about \$10, but the price at \$15. She returned the following day to make the purchase, but learned that the price had advanced to \$17.50 per yard. She reminded the salesman of the price quoted on the previous day, and was told that another store on the same street was selling similar material at \$17.50. The wholesaler had therefore served notice that unless the price was increased to \$17.50, the store's contract for additional cloth would be canceled.

This word, "profiteer" is becoming as monotonous as the word "camouflage" was until it went out of fashion. "Profiteer" is now more over-worked words; it gradually loses its meaning—or rather, it tends to mean almost anything.

A man is not necessarily a profiteer if he makes a profit—or if he makes a large profit. It is dishonest to make no profit, because a man who makes nothing ceases to be self-dependent. He is obliged to live at the expense of some one else, which no man should do while he is able to earn a living.

A man is a profiteer who, without rendering any service, manipulates conditions with the sole motive of making necessities expensive. To sell an article for the highest price one can get is justifiable. The labor unionists certainly sell their labor at that price. But a man who makes a systematic business of creating scarcity to send prices higher is a profiteer, like the clothing wholesaler mentioned above.

To kill a man is not necessarily to

commit murder. It depends on the attendant conditions and the governing motive. It has been done several times in France with an excellent motive.

To sell articles at a high price is not necessarily profiteering. But if it can be, under certain conditions, and it is important that diligent investigation should discover what the conditions are.

Raps Waste in Wire Franks

Congressman Cliford Ireland, chairman of the Committee of accounts of the house, is engaged in an effort to bring about a reform in the matter of telegrams and cables sent by members at government expense. In a search of the records Mr. Ireland has discovered that in 1915 such messages amounted to \$26,042.53; 1916, \$11,919.02; 1917, \$21,045.20; 1918, \$44,814.46; and for the year ending June 30, 1919, they rose to \$108,947.53. In reading some of the messages that have been sent as official business by members, Mr. Ireland finds that very little care is exercised in eliminating unnecessary words. For instance, his committee took two telegrams costing \$26.30 and \$31.40. By writing them as a private person would in the conduct of his own business, exactly the same thoughts could have been expressed and the despatches sent for \$6 and \$8, respectively. Mr. Ireland has appealed to every member of the house to be more conservative in the use of their wire franks, and thus aid him in cutting down the expenditures for that item.

All play and no work makes children sleepy. Little Bobby, age four, had learned the enticements of High Spy one evening, following dinner, and when bedtime arrived Bobby was found sound asleep on the front porch. Mother, carefully undressed him, clad him in his nightie and then awakened the little fellow so he could say his bedtime prayer. Bobby rubbed his eyes blinked and began:

"Now I say—oh mudder Bobby's so sleepy . . ." "But Bobby, you must say your prayer so the angels will take good care of my sweetheart all through the night." Bobby began again, resolved to end it as rapidly as possible in order to receive the undivided attention of the Sand Man.

PROSPERITY OF THE COUNTY IS SHOWN

Continued from Page One
The number of mortgages released has gradually increased during the quarter. In July there were 33, in August 38 and in September 59. The number of mortgages filed have likewise increased, totaling 17 in July, 30 in August and 59 in September.

The total number of instruments recorded in the office for the quarter was 566, which is an exceptionally large volume of business for this office. There was 134 in July, 168 in August and 264 in September.

The many changes in real estate ownership is partly due to the high prices which farmers crops and produce have been bringing and partly to the tendency among farmers to move to Rushville and the smaller towns of the county for residence.

In the last three months especially, the "back-to-the-farm" movement has gone completely out of date and has been supplanted by the "back-to-town" movement. The number of farmers leaving their farms and moving into centers of population has been without precedent in the last few months. It can be ascribed to only one fact—that farmers as a general rule have made so much money during the high prices of the period of the war that they can afford to stop active farming and retire. Most of them who are moving into town supervise the work on their farm generally, but give up the manual labor to which they have been accustomed.

Two Years in Bed and Rolling Chair

Mrs. Wilson Gave Up Hope—Gains 25 Pounds On Tanlac And Is Now a Well Woman

"For two years I spent all my time either in the hospital in bed, or in a rolling chair, and during that time I was given up to die, and I don't guess I would be here now if it hadn't been for Tanlac," said Mrs. E. O. Wilson. Mrs. Wilson is well known in Atlanta, Ga., her husband having been employed by The Constitution for a number of years.

"I was a great sufferer from chronic indigestion," continued Mrs. Wilson, "and don't guess anybody ever had to go through with what I did. I was very weak and nervous, and at times had those dreadful smothering sensations to the point of fainting. I had dreadful headaches, severe pains in my back and over my kidneys and my joints ached all the time. For two years I had to live entirely on boiled milk, toast and soft boiled eggs, and even that didn't digest well, and would sour on my stomach. I didn't know what it was to get a good night's sleep. I took one kind of medicine after another until our house was almost filled with empty bottles, but instead of improving I was getting worse all the time. Finally they took me to the hospital for treatment and I lay there for five long months, but even that didn't make me well. It was taking nearly every cent of my husband's wages to pay my doctor and drug bills—our drug bill alone amounted to \$14 or \$15 a month, and one doctor bill amounted to \$108.

"It looked like everything had failed to help me, and I had about given up all hope when one day my husband brought a bottle of Tanlac home with him and asked me to take it. He said he had been reading and hearing a lot of good things about it and didn't see any reason why it shouldn't help me. I was confined to my rolling chair when I began taking it.

"Do I look like an invalid now? I certainly don't feel like one, and I have actually gained twenty-five (25) pounds on eleven bottles of Tanlac, and feel as well as I ever did in my life. I can eat anything I want, such things as meat, turnips. Hard-boiled eggs don't hurt me a particle, and I sleep as good as I did when I was a girl in my teens. I can get about as well as anybody and just the other day I walked down town, and I am running around the neighborhood calling on my friends nearly all the time now. I haven't a pain about me. I believe I am the happiest woman in Atlanta, and I think I have a right to be. I think my recovery is almost a miracle, and everybody in our neighborhood thinks the same."

Tanlac is sold in Rushville by F. B. Johnson & Co.; in Milroy by Dallas Copper; in Manila by Geo. J. Inlow, and Arlington by Mrs. L. T. Davis. (Adv.)

Worms cause cholera

All hog raisers are agreed that over 90 per cent of the HOG CHOLERA is caused by WORMS. That being the case the correct way to fight HOG CHOLERA is to fight the FREE INTESTINAL WORMS and they must be fought continually.

Prevent worms and cholera

by feeding Acme Worm-Bouncer in Self Feeders. It is the only remedy fed successfully in Self Feeders—furnished FREE—and will expel the FREE INTESTINAL WORMS—if they have any—and will positively prevent them, keep the appetite good and the bowels just right for the small cost of 6¢ per month per hog.

Figuring Your Tire Cost

That is an item of cost in the list of auto expenses that concerns vitally the machine owner. Too often people count only the initial cost.

Some tires are sold with certain guarantees as to wear and free repairs, and quite often the patron is so confused with these so-called guarantees that he finally loses sight of everything but the item of first cost.

The Famous Goodyear Tire

As handled by us goes to every patron with the same guarantee. We give you a tire that will fit exactly into your needs—and when you get the Goodyear tire, you have the highest possible assurance of service.

When you are ready to give attention to tires for your machine, come in and let us tell you of the Goodyear tire and Goodyear plan of serving tire users.

And from day to day thereafter the undersigned will offer for sale one of the most desirable residence properties in the City of Rushville, Ind. The property is located on North Harrison street, between Eighth and Ninth streets, having an east front, containing nine rooms with bath, furnace and all modern improvements, practically new and in good repair. The property was the residence of the late Dr. W. H. Smith, and is being sold to close up the estate of Frances O. Smith, widow of Dr. Smith.

This is very desirable property, less than two blocks from a traction stop and in as good a neighborhood as is in the city. Call on John D. Megee, Dr. W. C. Smith or John H. Fraze if you are interested in city property.

I.U. FOOTBALL HOPES TO LOW TIDE TODAY

Week of Gruelling Practice Has Put The Crimson in Only Fair Condition

MEETS CENTRE SATURDAY.

(Special to The Daily Republican.)

Bloomington, Ind., Oct. 3—Indiana's football hopes were at low tide today. A week of grueling practice has put the Crimson in only fair condition for the Centre College game here Saturday. The weaknesses in the Indiana line, apparent in last Saturday's battle with Wabash, have been strengthened and the return of McCaw, right tackle, who has been hobbling on crutches for more than a week, has partly plugged up the hole left by the recent disbarment of Capt. Ingles.

There was no disposition here today to underestimate the strength of Centre College. The Centre line averages 195 pounds and the smashing, elusive backfield runners will prove a hard proposition for the Crimson wing men. Were the Crimson to play as she did against Wabash last Saturday, Indiana fans believe that Centre would win.

Brand new formations and trick plays, which will be used by Indiana against the powerful Minnesota eleven at Washington Park, Indianapolis, October 18th, will have their first airing against Centre College. Coach "Jumbo" Stiehm believes that Minnesota's invincible line will be of little avail against a deceptive, aerial attack. Acting on this belief he has devised some football puzzles that Sam Lloyd would have trouble fathoming.

DISPLAY SEEN BY VERY FEW PEOPLE

Aurora Borealis Appears Unannounced and Not Many Know of it Until Too Late.

CAUSES OF IT EXPLAINED.

Very few Rushville people saw the display of the aurora borealis Wednesday night. It came without any advance notice and those who did see it just happened to observe it by chance. A few people walked to the outskirts of the city to get a better view. It was said to have been best about 10:30 o'clock.

J. H. Armington, in charge of the United States Weather Bureau in Indianapolis, did not observe the display when it was at its height, but said that he saw a faint light in the north, in which rays and streamers were barely perceptible at times. He said that the displays were more common in the winter, but that they sometimes occur in the spring and the fall.

The aurora borealis is due to atmospheric disturbance resulting from the electro-magnetic rays of the sun, which are produced by sun spots, according to John Caudée Dean. Trouble on telegraph lines, which generally accompanies the displays, was reported during the evening.

BUYS CITY PROPERTY.

Ray Compton, 310 East Sixth street, has bought the Austin Fraze property, 311 East Sixth street, for \$5,100, and will obtain possession as soon as Mr. and Mrs. Fraze move into the Ferree property, in North Main street, which they recently purchased and are remodeling.

WAR CHEST PROVIDES \$7,000

Shelbyville, Ind., Oct. 1.—The board of governors of the war chest fund of Shelby County appropriated \$7,000 for the Jewish Relief Fund.

AMUSEMENTS

"Oh, Boy"—Minus a Villain The sly, slinking villain of stage and screen tradition with his mischief-making machinations and his penchant for harassing the helpless heroine, is among the missing in "Oh, Boy!" Albert Capellani's "Filmsical-Comedy," co-starring June Caprice and Creighton Hale. Neither will the vicious vampire on any other species of iniquitous individual have a chance to weave his on her web of evil in "Oh Boy!" for the new "Filmsical-Comedy" is essentially a picture of the gloom-spelling variety in which shadows have no place.

The dramatic or emotional conflict necessary to sustain the interest in a production of feature length in "Oh Boy," is derived from an amusing cycle of circumstances in which the leading proponents of the story, played by Miss Caprice and Creighton Hale are enmeshed by some whim of Fate. It might therefore be said that Fate, in this instance, assumes the role of villainess but her intrigues are not of the malevolent variety although they cause a series of complications that keep everyone concerned decidedly uneasy until the climax is reached, when everything is explained to everyone's satisfaction.

This villainous motion picture masterpiece is due for the last exhibition at the Princess theatre to-night.

crook Play at Mystic

Another of Priscilla Dean's absorbingly fascinating "crook" photoplays will be seen at the Mystic theatre today in "Pretty Smooth," just released by the Universal Company.

Miss Dean has established herself, by her conscientious study of un-Shelbyville Thursday. His automobile once worthy of any craft, as one of the foremost portrayers of "crook" pictures in the film realm. "Pretty Smooth" according to information drifting from the studios where this star has been hard at work, is replete with thrilling situations that make the spectator's fingers twitch in anxiety as he watches the unfolding of its swiftly moving story. Miss Dean has the part of Gertie Jones, known in the crook world as the Chatterbox, because of a peculiar habit of talking to herself under stress of excitement.

The story of "Pretty Smooth" was written specially for Miss Dean by no less eminent an author than Bayard Veiller, to whose credit stand "Within the Law" and "The Thirteenth Chair." A call went out from the Universal Company for a drama that would be a worthy successor to the Universal's releases "The Wildcat of Paris," "The Exquisite Thief" and other melo-dramatic successes. "Pretty Smooth" was chosen.

Bryant Washburn comes tomorrow in "All Wrong" and a Harold Lloyd comedy, "Beautiful Dope" will also be shown.

Trained Nurse Advises People

"I was a great sufferer of stomach and liver trouble and cannot say enough in praise of Mayr's Wonderful Remedy. It has done so much for me and I am recommending it to other sufferers. I was a trained nurse in Marine and other hospitals years ago, therefore many come to me for advice. I certainly received great benefit from Mayr's Wonderful Remedy." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and relieves the inflammation

which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince of money refunded. For Sale at Drugists Everywhere. Ad. BUSTY MILLER, Auctioneer.

BARGAINS ARE ALWAYS FOUND HERE**ROYAL GIFTS CAUSING COMMENT IN CAPITAL**

It Has Been Intimated That President Wilson Violated Constitution by Accepting Presents.

CAME IN DUTY FREE ALSO.

Washington, Oct. 3.—Persistent reports to the effect that President Wilson, in direct violation of the Constitution, was the recipient of valuable gifts from the hands of royalty and from foreign governments during his six-months' sojourn in Paris, and that these gifts are now resting in the White House, have led Representative William Rodenberg, of Illinois, to introduce a resolution calling upon the Judiciary Committee to make an investigation of the charges. Not only is it contended, in some quarters, that the President has accepted these gifts, but that they were also passed through the customs without the usual formalities. As the basis of his request for an investigation, Mr. Rodenberg quotes a number of newspaper articles reciting accounts of the acceptance and arrival in Washington of many of these gifts, one of which is headed: "President's Gifts Here. Carload of Presents".

Mr. Rodenberg said today:

"I have introduced this resolution to clear up the rumors current that the President and his family were the recipients of gifts while in Europe aggregating in value half a million dollars. If the charges are true the country ought to know it, and if they are not, the President is entitled to an exoneration".

Bertha's life was one of unassuming honesty of which all took note. She was very active in the Young people's Work of which she was a member, and at the time of her death was chairman of the prayer meeting committee. Among her last wishes was to one more time be in the meeting.

In her death the home has lost a charm, the church a member of real worth and the community a good pure girl.

May her life be an influence on those who remain.

The funeral services were conducted at the C. U. Chapel by Rev. O. J. McMullen assisted by Rev. P. O. Orr on Sept. 30.

To Stop at Crossings

A number of railroad companies operating in Indiana have written to L. N. Hines, State superintendent of public instruction, requesting him to call the attention of school hack drivers, now beginning their school year work, to the Indiana law, requiring them to stop and go ahead to see if the way is clear when they approach a railroad crossing.

The companies point out the needless loss of child life in Indiana due to disregard for this law. Mr. Hines will send out letters calling the attention of school authorities to the caution to be exercised in his respect.

Asserts New Discovery**Brings Blessed Relief To Rose****and Hay Fever Sufferers****Can Make It Yourself At Home At Trifling Expenses**

In spite of all the doubts and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all this remedy costs al-

most nothing. Get a one ounce bottle of Mentholized Aricine at any drug store, pour the contents into a pint bottle, and fill the pint bottle with water that has been boiled.

MURDER TRIAL NEXT WEEK IN SHELBYVILLE

George Kressler Will go on Stand in Self Defense For Murdering Minnie Wilkins

VENUED FROM MARION COUNTY

Shelbyville Oct. 3.—The murder of Minnie Maye Wilkins, "the gasoline station girl", will be described as nearly as circumstantial evidence will permit here next week when George Kressler enters the trial box charged with the crime.

The girl was murdered at the home of her sister in Indianapolis on the night of May 31 and her body was thrown into the cistern in the back-yard. It was found two days later and markings on the throat indicated that she had been choked into unconsciousness and was thrown into the cistern to die.

With the greatest care, the girl's slayer saw to it that the cistern lid was replaced, exactly as it was before it was moved. A market basket of plants which had been on the lid, also was arranged to cover a spot of moisture which it had covered before.

Kessler was traced to Milwaukee and back to this city a few days after the body was found. He gave himself up to Indianapolis police when informed that they were looking for him, but he stoutly maintained that he was innocent. The case was venued to this county.

The accused man's wife came here last July to be at his side during his fight for freedom. She has been employed in this city.

DIVORCED; GETS LICENSE

A marriage license was issued this morning to Everett Ross a farmer of this county, and Nina Miller, of this city. Both parties have been married before. Mrs. Miller getting a divorce from Silverton Miller in the circuit court here last Saturday.

PERFECT PLANS FOR MEMORIAL CAMPAIGN

Funds to be Applied in Perpetuating Memory of Life and Works of Theodore Roosevelt.

MEMORIAL DAY OCTOBER 24

Indianapolis, Ind., Oct. 2.—Rapid strides are being made by the Roosevelt Memorial Executive committee in perfecting the Indiana campaign organization that will undertake during the week of October 20th-27th to raise the state's quota of the fund that will be applied to an appropriate memorial to the former president.

No distinctions have been made because of political affiliation, in the nominations of county leaders for the campaign. Republicans who have been known as regulars and others who have been progressives share with life-long Democrats the distinction of leading the drive for funds that will be applied to a practical bit of Americanization in perpetuating the memory of the life and works of Theodore Roosevelt.

Instructions are being forwarded to the county chairmen and it is believed that the entire state will be represented in the force that will pay tribute to Roosevelt. The interest of school children has been stimulated by the announcement of the special Roosevelt memorial and Americanization day exercises to be held on October 24th, which day has been officially designated by the state board of education.

Nash Trucks

Experienced Buyers Recognize Unusual Values of Nash Trucks

Careful investigation of the Nash truck line convinces the experienced buyer of the high value of any truck bearing the Nash name plate.

This is illustrated again by the fact that after an extensive experience with motor truck transportation of various types, the U. S. Marine Corps selected the Nash Quad as standard equipment for expeditionary service. This is the reason Nash trucks are hauling the loads of many big commercial concerns which operate fleets of trucks in many cities.

This preference for Nash trucks is based on sound business judgment. For they have behind them, assuring their continued good performance, the standing and permanency in the industry of the Nash institution with its nation-wide sales and service organizations of distributors and dealers.
